Racks & Supports

SmartLab Racks with Numbering

The Aerne Analytic SmartLab Series includes test tube racks for 6, 12, 24, 36 and 48 samples for a diameter of each 18mm. Compared to conventional test tube racks the sample spaces of the SmartLab Series is graved with numberings to facilitate the daily work in laboratories. There is no more lettering of the single samples necessary. The racks are made of PVC and therefore are perfect for the use in laboratories because of their stability and possibility to clean it sterile.
